Postgraduate overview

Led by Nobel Laureate Brian Schmidt, ANU has a global reputation for distinctive research and our teaching programs are acknowledged to be among Australia's best.

Students can choose from a range of postgraduate coursework and research study programs including Graduate Certificate, Diploma, Master, Flexible Double Master, and Higher Degree by Research programs.

ANU is the only Australian member of the International Alliance of Research Universities (IARU), which gives our students and staff opportunities for collaboration and exchange and contributes to our rich intellectual climate. IARU is an international alliance of the world's leading research universities including: ETH Zurich; National University of Singapore; Peking University; University of California, Berkeley; University of Cambridge; University of Copenhagen; University of Oxford; University of Tokyo and Yale University.

ANU is ranked #1 in Australia and #22 in the world for graduate employability (Global University Employability Ranking 2016), so graduates will be in demand wherever they decide to build their career.

Subject ranking by QS WUR 2019

- Biological sciences: #44
