

About

Established in 1905, **Korea University** is one of the nation's oldest and most prominent institutions of higher education. Korea University is a large research institution, notable in South Korean history for being the first educational institution to offer academic programs in Korea in various disciplines. For 2018/19, the university was ranked 12th in Asia and 86th in the world by QS World University Rankings.

Korea University is home to over 33,000 students from all parts of the nation and every corner of the globe. Students at the university are enrolled in eighteen colleges and divisions, and eighteen graduate schools, ranging from the Humanities to Engineering and Science. It has over 3,700 full-time faculty members with over 95% of them holding Ph.D. or equivalent qualification in their field.
