

About

Nanyang Technological University (NTU) is the second oldest public autonomous research university and second largest university by student and staff population in Singapore. NTU was ranked 12th in the world and 3rd in Asia in the 2019 QS World University Rankings. NTU also came in overall 1st in the world in the ranking of young universities for five consecutive years in the QS Top 50 Under 50 rankings from 2015 to 2019.

The College of Engineering is NTU's largest subdivision. It was claimed to be the world's largest engineering college, with a student population of more than 10,500 undergraduates and 3,500 graduates in 2014. It consists of six schools (Chemical and Biomedical, Civil and Environmental, Computer Science and Engineering, Electrical and Electronic, Materials Science, Mechanical and Aerospace) focused on technology and innovation.

The college offers a rich array of multidisciplinary programmes and specialisations in traditional engineering disciplines and beyond. In addition to the 12 single degree programmes, the college also offers double degrees, double majors and integrated programmes.
