Established in 2009, The **Singapore University of Technology and Design (SUTD)** is the newest and the fourth autonomous university in Singapore. The university's foundation is built upon a strategic education collaboration with the Massachusetts Institute of Technology (MIT) which helped to develop curriculum. SUTD and Zhejiang University also jointly partake in research collaborations to address challenges associated with the world today, in areas such as healthcare, transportation, and clean energy. In the 2017 State of Innovation Report released by Clarivate Analytics, SUTD was ranked the fifth-most influential scientific research institution in telecommunications, ahead of Princeton University and Carnegie Mellon University.
