

## VINUNIVERSITY MISSION

To be a private, non-profit university, established with a mission to produce future leaders in business and society, making impactful contributions to the individual, organizations, and the global economy.

To nurture and develop young leaders with clear direction and vision, creativity, and sound personal values for Vietnam; who will be leading generations to pave the way for the development of science and technology, to increase labor productivity and move towards global integration and global competition.

To be Vietnam's first world-class university, which is internationally accredited and ranked, excellent in teaching as well as having research outcomes that contribute effectively to the key economic sectors of Vietnam and the global knowledge-based economy.

## CORNELL-VINUNI PROJECT

The formation of the Cornell-VinUniversity project has resulted from the multi-year collaboration of Vingroup—a prestigious and reputable conglomerate located in Hanoi, Vietnam—with Cornell University.

The purpose of this collaboration is to support Vingroup's aspiration to create a new world-class, private university that contributes effectively to the key economic sectors of Vietnam and the global knowledge-based economy. Cornell is involved in every aspect of development from infrastructure and campus reviews, to curriculum development and faculty hiring.
