VinBigdata is the 4th Vingroup company/research institute that has signed agreements with VinUni after VinBrain, VinAI Research, and Vinmec Healthcare System.

# WEEKLY HIGHLIGHTS **PRE-CONVOCATION DAY**

## 25/09

### VINUNI & ORDER OF THE PHOENIX

The event series kicked off with Part 1: VinUni & Order of the Phoenix. 15 teams from Academic, Academic support, and Operations departments were recognized for their transformation and achievement during the past 9 months in preparation of first academic year.

### VINUNI & GOBLET OF FIRE

Faculty and staff participated in a series of sports games in Part 2: VinUni & The Goblet of Fire. The games, especially Quidditch, combined fun and teamwork productivity, helping all teams to connect and engage in a fascinating way in order to compete and win the ultimate grand prize - The Goblet of Fire.

### VINUNI & CHAMBER OF SECRETS

An exciting day comes to the end at the beach! VinUni faculty and staff gathered to relax and bond over good food and music. Several items were sold in an exciting auction to raise a total of 628 VinUni Coins (\$628) for charity. The night concludes with a free-style karaoke session, where lots of VinUni hidden singers and dancers were discovered. What a way to celebrate the many milestones we have accomplished thus far and prepare to welcome first-year students on VinUni Campus!
