

GRADUATE MEDICAL EDUCATION PROGRAMS

VINUNIVERSITY

VISION

VinUni is the first private, not-for-profit Vietnamese university established based on international standards. The University integrates the models of elite international universities with the unique cultural and economic characteristics of Vietnam, in order to make a breakthrough in Vietnamese Higher Education and to become a world class university.

MISSION

The mission of VinUni is to educate and train elite human resources who are knowledgeable, capable, and passionate about contributing to improving self and societal conditions, inspiring the current and next generations, and making lasting positive impacts on global development.

CORE VALUE

This core value symbolizes VinUni's intellectual confidence, quintessential position, and the passion and aspiration to reach the world's standards and rankings.

GRADUATE MEDICAL EDUCATION PROGRAMS

INTRODUCING GRADUATE MEDICAL EDUCATION (GME) PROGRAMS

3 residency programs

Internal Medicine
4 year training

General Surgery
6 year training

Pediatrics
4 year training

Dedicated to resident learning and development utilizing innovative and evidenced-based teaching strategies:

- Novel curriculum based on international standards
- Competency-based education
- Emphasis on interprofessional teams
- Diverse training modalities and methods
- Robust simulation training

Training highly competent resident doctors to become leaders and specialists who:

- Demonstrate excellent clinical skills and deliver evidence-based, high-value care
- Conduct research to address clinical, patient safety, or quality improvement challenges
- Develop effective communication and interpersonal skills as physicians and medical educators
- Manage interdisciplinary teams and effectively collaborate with other hospital leaders
- Aspire to continue lifelong learning beyond residency training

WHY SHOULD YOU CHOOSE OUR **GME PROGRAM?**

Curriculum and Training Sites

- Curriculum framework and content developed in collaboration with the University of Pennsylvania
- Six month Core Clinical Skills course for all programs in Year 1
- Simulation Centers at both Vinmec Hospital and VinUniversity Campus
- Primary training at the Vinmec Times City International Hospital, a state-of-the-art teaching hospital in Hanoi with JCI® accreditation
- Partnership with local public hospitals in Hanoi

Dedicated Faculty

- Clinical faculty experts who are certified by the Master Clinical Educator Academy in collaboration with the University of Pennsylvania
- Longitudinal mentorship from University of Pennsylvania faculty experts in medical education

Professional and Career Development

- Career mentorship and coaching from Vinmec, VinUni, and University of Pennsylvania faculty
- Pathway to employment with the prestigious Vinmec Healthcare System
- Opportunities for scholarly pursuit that include clinical research, quality improvement, and patient safety initiatives

Stipend and Benefits

- Attractive stipend and benefits package
- Supportive training environment that promotes wellness and a healthy work-life balance
- Access to thousands of publications and textbooks through the VinUni library
